Average Customer Review: 3.8 out of 5 stars 9 customer reviews

Best Sellers Rank: #60,008 in Books (See Top 100 in Books) #6 in Books > Travel > Middle East > Israel > General

Customer Reviews

Anthony Grant had such an incredible time on his first trip to Israel that he barely remembers it - of course, he was just three years old. Repeat visits reminded him of both the infinite complexity of the Holy Land and its timeless allure. A veteran travel writer, he worked on an early version of The Atlantic's website before leaving the patrician confines of Boston's Back Bay to wander around the remotest corners of New England. The result of that was a deeper appreciation for cranberries and the prize-winning Rough Guide to Boston. A master's thesis on the Cyprus problem led to his work as communications officer for the Cyprus Tourism Organization in New York, while at the same time covering the city for both The Los Angeles Times and Access guides. And then came Paris, where in addition to guidebook work Anthony was travel correspondent for The New York Sun and worked at a famous celebrity photo agency just a few metro stops past the Eiffel Tower. He helped launch the

website of the France24 international news channel before heading back to Manhattan in 2007, where he took on the position of Senior Editor at Forbes Traveler, a website. In 2010 The New York Times asked Anthony to file a dispatch on gay Tel Aviv and before he knew it he was producing the first-ever Israel travel guide for About.com. At that point he based himself in Tel Aviv where he worked as a commentator and media correspondent at a new Israeli television station. He has appeared on MSNBC, CNN and CBSN and produces a video blog called The Tel with a small Israeli team based mainly in Tel Aviv, covering media news and travel in Tel Aviv, the eastern Mediterranean region and beyond.

Disappointing. A very superficial treatment of the most common places. Not much hard suggestions for the traveler such as how to communicate via cell phone in Israel and back home.

This was very helpful on our recent trip to Israel.

Not enough info on each item.

Very Nice and helpful.

There are much better out there, quite incomplete

Candid, refreshing intensely update recommendation mapping Israel in a way not other guidebook has done before, starting with a detachable map on the back cover of Tel Aviv and more. The restaurant reviews are honest and include RELEVANT information from Machneyuda in Jerusalem to 35 year old Hummas Said in Akko. The inside information on Palestinian embroidery gives you an idea of how thorough this guidebook is, impressive for the right reasons because it reveals serious investigation. The images are well chosen from the Baha's Shrine and Gardens to therapeutic bathing in the Dead Sea. The indepth investigative attitude this book showcases turns the page in Israeli guidebooks, the right amount of fact mingling with the author's opinions. I recommend taking Frommer's Israel-just released, as carry to review during your next flight to Israel. Pam Price

It's an ok guidebook and in my opinion the best I could find but I still had to do a lot of research on my own to find museums, sites, and activities that I was interested in. I didn't like that the Temple mount in Jerusalem was referred to in arabic and English but not hebrew in a hebrew - speaking

country.

Good guide book. Helped in making decisions as to what to see
