Customer Reviews

I love Gladys Tabor. She writes about a simpler, more peaceful time.. and yet every time in history has it's challenges. This is about everyday life, and I find it very peaceful to read.

I have been a long time fan of Gladys Taber and her writing and this book is no exception. All of her books are very well written and transport you right into her life at Stillmeadow. Reading her books always calms me and puts me in a better mood. If you like Gladys Taber, this is a must read.

arrived quickly and just as described

This is such a charming book. There was a note with the ad that certain parts had been underlined and notations made in margins. To my delight, some were in shorthand and I was able to read them. Since the previous owner of the book was in 1955 it was a fun surprise.

I grew up reading her monthly magazine articles and she instilled a longing and love for the country life in me. I was thrilled to be able to find her books, many of which have long been out of print.

I love anything by Gladys Taber. Bought this for a friend.

As of today, I haven't read this particular book but have read others by this author and enjoy them immensely!

GREAT read, but not as good as some of Gladys Taber's others. This one is a little bit tougher of a read settling into than her others, but still a wonderful non-fiction depiction of life on a Cape Cod homestead in the 40s.
