## Customer Reviews

Jesus returns at last in this 12th novel in the phenomenally popular Left Behind series, vanquishing his foes and ushering in a new millennium of peace and righteousness. Ray Steele is the only member of the original Tribulation Force alive to see it, however, since Buck Williams endures a bloody death in the opening pages. The novel's pacing suffers greatly from its own foregone conclusion. Antichrist Nicolae Carpathia, once a fearsome and suave foe, is reduced to shrill hysteria in this installment, and seems more of a cartoon character than a credible instrument of Satan. And the final wars (there are four of them in quick succession) add no drama to the plot, since believers are by that point impervious to harm; neither the bullets from the Unity army or the supernatural lightning raining down from the sky can touch the Christian holdouts. It must have been difficult to imagine the words that Jesus would speak on such an occasion, but the authors' cautious solution-to draw almost solely on the statements spoken by or about Jesus in the New Testament-feels wooden. However, the book is not devoid of humor, and fans of the series will enjoy the gentle, affectionate camaraderie that exists among the excited members of the ragtag brigade of believers. For readers who have stuck with this soap opera through thick and thin, there

Glorious Appearing (can't leave myself hanging!) and found one in excellent condition at .com. If you haven't read the entire Left Behind series, you would be smart to do so! You don't have to be a Christian or even a churchgoer to enjoy this fictionalized account of the end times (are they fast coming upon us today?), the Tribulation, the Great Tribulation and the Glorious Appearing of our Saviour and Messiah and Redeemer, Jesus the Christ! Based on Bible passages and accurately foretelling of these times to come in history.

Some parts of this book I would consider to be highly unlikely, and perhaps inaccurate, especially the way that some of the main characters experience the Glorious Appearing differently than the others. Some parts like having everyone run supernaturally to get to Jerusalem are probably highly unlikely, but it is very exciting. Other parts like the injured being healed instantly when the Glorious appearing begins is probably very likely. Like "The Remnant" there are really too many characters involved. It can be hard to keep track of them. Since this is the book when the AntiChrist and all other wicked people are finally brought to justice, this makes it very satisfying. But they point out the fact that this is justice, and not really victory or rejoicing. It's unusual having JESUS involved. It's one thing to have entirely fictional characters involved, but having JESUS, as well as real angels involved makes it unusual, and somewhat questionable. I think it's important to remember that this is not exactly how it will go, it will be similar, since it's based on prophecy, but it may turn out to be significantly different. But for that matter, it's pretty much the same thing with all of the prophecies that are played in the Left Behind Series.

I love this Left Behind series. Its a radio drama so each character is a different actor. There are background sounds to help you imagine whats going on. Ive listened to this series 3 or 4 times over the last 10 years and its still just as good. Collect this whole series and listen on a road trip or on your commute to work. You wont be disapointed!
