Customer Reviews

The notes by how this song is played and Chopin's style of composition really helps me understand the way it is supposed to be played. If you are not aware of some of the composer's definitely get this a biography and may have additional notes to how the song was performed back then

Such a beautiful song..I don't believe it's been simplified. I'd say that it's on an upper intermediate level. As far as the copy itself--it's sheet music, not a book, and I have no complaints.

I like that in addition to the piece itself. This edition provides some insight about the composer and how he would have wanted it to be played. Also it provides fingering, as well as variation for the ornamentation. I am very satisfied with it!

great quality printing, easy to read, and has great suggestions on how to play complex parts.

Very happy with this purchase, the piece is absolutely beautiful! Definitely would recommend this arrangement for anyone who enjoys Chopin!!

Although the edition was great, it arrived bent up.

Easy to read - good quality.

Good
