The woods are dark and dangerous. Slave catchers are out with their dogs. But high above the trees, the North Star shines down. Harriet Tubman is glad to see the star. It points the way to freedom. Tonight Harriet is helping slaves escape on the Underground Railroad. Will they make it? Find out in this exciting true story.

I bought this for my kindergarten students and when I read it I realized it would be way over their heads. I would recommend for 3rd grade and up.

I bought a series of books for my grandson for Black History Month, this was one of his favorites.

I bought this for my goddaughter to read for a school project. She loved this book. Finished it quickly and without prodding. She even re-read it, and she's not a devoted reader like I am. That makes this an excellent product!

I did not know that these people had to fight so hard to get their freedom. Learn how this brave woman, Harriet, did it. I did not rest until I finished reading it.

My son and I really enjoyed the read. For him, the story of Ms Harriet Tubman was captivating and for me it brought back memories of reading and seeing movies on her courage and bravery. She was fearless! I highly recommend for your little ones. He wants to read more about her and the history of slavery in the U.S.

I as the mother that bought the book for her daughter, just wanted her to have an understanding of history in child's wording. My daughter loved the book.

History is very much of interest to me as try to become more acquainted with pieces of history that I am not familiar. It seems as time passes, what I have learned in the past has become fuzzy. I like having references that I can restore sections of history that I should have remembered from my time in school. Thanks for making this section of history available.

Any story that highlights the greatness within is a great love. The story of overcoming is universal and needed. Love it!!!
