This young man comes with a complete package. Being raised by a strong faithful mom. She built her home on solid ground. His gift talent and upbringing placed him on top. This young man will make history. One of many books to come. Enjoyable.

This was a great book. Kevin Durant is awesome and a force to be reckoned with. I'm hopeful that he will go all the way and win a ring because he definitely deserves it. Superb reading our youth to stay on track. Great guy.

Grandson loves Durant and his basketball skills so I'm sure he will love to learn more about him.

This was a good book because it told you about the struggles Kevin had to go through growing up. I give it a 5 star rating because he is a good player and his struggles he fought through to get where he is now. I really enjoyed the book. I would recommend it to people who like reading about sports.

This book was a great book because it will tell you to never give up even if you're short or not good enough. This book tells you you can do it if you put your all in to it.

A very small book. Recommended for younger readers. I originally bought this for my 13 year old, but gave it to my 8 year old due to its simplicity.

I bought it as a gift for a 12 year old fan and he was delighted.

Great book to read for fans of Kevin Durant. Tells about his childhood, and how he got to where he is now. A truly inspiring book.
