Coming Out

Synopsis

Olympia Crawford Rubinstein has a busy legal career, a solid marriage, and a way of managing her thriving family with grace, humor, and boundless energy. With twin daughters finishing high school, a son at Dartmouth, and a kindergartner from her second marriage, there seems to be no challenge to which Olympia cannot rise. Until one sunny day in May, when she opens an invitation for her daughters to attend the most exclusive coming-out ball in New York—and chaos erupts all around her. One twin's excitement is balanced by the other's outrage; her previous husband's profound snobbism is in sharp contrast to her current husband's flat refusal to attend. For Olympia's husband, Harry, whose parents survived the Holocaust, the idea of a blue-blood debutante ball is abhorrent. Her daughter Veronica, a natural-born rebel, agrees while Veronica's identical twin, Virginia, is already shopping for the perfect dress. Then there's Olympia's ex, an insufferable snob, who sees the ball as the perfect opportunity for a family feud. And amid all the hubbub, Olympia's college-age son, Charlie, is facing a turning point in his life and may need his mother more than ever. But despite it all, Olympia is determined to steer her family through the event until, just days before the cotillion, things begin to unravel with alarming speed. From a son's crisis to a daughter's heartbreak, from a case of the chicken pox to a political debate raging in her household, Olympia is on the verge of surrender. And that is when, in a series of startling choices and changes of heart, family, friends, and even a blue-haired teenager all find a way to turn a night of calamity into an evening of magic. As old wounds are healed, barriers are shattered and new traditions are born, and a debutante ball becomes a catalyst for change, revelation, acceptance, and love. In a novel that is by turns profound, poignant, moving, and warmly funny, Danielle Steel tells the story of an extraordinary family finding new ways of letting go, stepping up, and coming out...in the ways that matter most. From the Hardcover edition.

Customer Reviews

In her 67th novel (following May's *The House*) bestselling author Steel (more than 530 million copies sold) fashions a plot around a single event: an invitation to a debutante ball in New York City. Attorney Olympia Crawford Rubinstein manages to juggle a challenging full-time job; a loving relationship with her second husband, Harry (an appeals court judge who is her former law professor); the care of their five-year-old son, Max, and her three older children from a previous marriage. Olympia's first husband, Chauncey, is a stereotypical, upper-class snob, with no job but a passion for playing polo. Harry, son of Holocaust survivors, champions liberal causes. When Olympia's teenage twin daughters, Veronica and Virginia, are invited to an exclusive "coming out" ball, everyone's lives are thrown into turmoil. Most of the book revolves around the arguments and disagreements spurred by the invitation, and Steel appears overly didactic as she tries to pump life into the simplistic setup: Olympia's Jewish mother-in-law, Afro-American law partner and gay older son are trotted out like polo ponies at auction. Steel's *mÃƒÂ©tier* is glamour and romance; her attempt to deal with social injustice falls flat. (July) Copyright Â© Reed Business Information, a division of Reed Elsevier Inc. In her sixty-seventh novel, Steel sticks to what she knows best, the lifestyles of the rich and glamorous. Here "coming out" refers to an exclusive debutante ball in New York, to which the twin daughters of attorney Olympia Crawford Rubinstein have been invited. Olympia, a blue-blooded spawn of New York's upper class, has three children from a previous marriage and a five-year-old son with her current husband, Harry. To Olympia's surprise, the invitation has caused turmoil and chaos in her household. Ex-husband Chauncey, a stereotypical polo-playing upper-class lout, is demanding that the girls attend the ball and has threatened to withhold college tuition if both girls do not attend. Olympia's current husband Harry, the son of Holocaust survivors, and a hard-working man with liberal tendencies, is violently opposed to the event, which he finds racist and elitist. In addition, the twins have their own ideas, with Veronica, a passionate liberal, refusing to attend, and Virginia already shopping for a dress. Olympia, who fondly recalls her own debut, is upset by her

husband's feelings but thinks he'll come around and gently encourages her daughters to attend. The entire plot of this fairly short novel is focused on the resolution of this family dilemma, and as usual, everything works out for the best in the end. I found it a fascinating book dealing with a lot of human hang-ups some originating from anti Jewish hatred and others from a hatred of elitism. We at last came into the 21st century in the last chapter when all the pieces came together and all who had been involved saw the dangers of being narrow minded.

Excellent book!

love her

good condition

Loved this book

Just one example of people in America coming together from different backgrounds and situations into making America into the great blending of people who grow to form new bonds and societies.

Great

This was a highly interesting book with a twist that I had expected all along. Prejudice shown as unacceptable !
