Little Critter: Happy Halloween, Little Critter!

Synopsis

Join Mercer Mayer's classic and beloved character, Little Critter®, at a haunted house party for Halloween! This 8x8 storybook is complete with gatefold flaps that readers can pull back to reveal the monsters, mummies, and skeletons that lurk in the shadows! Little Critter and Little Sister dress in fun costumes, bob for apples, play pin the broom on the witch, and much more. There are plenty of surprises to be had, even if some of them are just a little spooky!Â

Customer Reviews

It's Halloween! Little Critter and Little Sister are going to a spooky party at a haunted house.

Bobbing for apples and playing Pin the Broom on the Witch are funâ€“but what kinds of monsters, mummies, and skeletons are lurking in the shadows? Pull back the big flaps to find out!

Mercer Mayer is the creator of the enduringly popular Little Critter books. Drawing from his own childhood adventures for inspiration, Mayer has created a beloved and classic character in Little Critter. You can visit him at www.littlecritter.com. This was a great book to introduce the concept of Halloween costumes and "Who is inside?" My toddler encountered a costumed child at the playground prior to Halloween and was very afraid of the mask. I bought this book for her to discuss Halloween and dress up, and it solves the problem! When trick-or-treaters started coming to the door, she was upset about giving away our candy (as opposed to keeping it for herself!), but not about the masked children ringing knocking on the door.

If you need a Halloween cuteness fix, you will LOVE this little storybook by Mercer Mayer. I am guilty of buying children's books for myself. I often babysit, so I bring books like this with me to read stories to the kids. I have other books by Mercer Mayer. I like to have kids draw what they see from the books. Its so fun! We take a book like this for an art theme to create our own ideas, anything goes. The illustrations are adorable, nothing scary. This is an enjoyable book for all ages.

I love little critter books since I was a child and love reading them to my children. Great messages!

This is a cute Little Critter book to get your toddler excited for Halloween. My daughter enjoys it and chooses it for story time pretty often; however, she does find some of the costumes ("a little scary"). She is 3 for a reference point.

My nephew , who is learning to read by himself, loved it.

My daughter loved this book. We received it today and already read it a few times. In the evening before going to bed her first words are always: "Let's read a story, how about Little Critter". Today, of course she wanted the new book and we played trick or treating too. This book does not offer a complicated story. It shows Little Critter going to a party where he meets all his friends who are dressed up in scary costumes. The book is really about fighting fears that children might have. Every time Little Critter gets scared, he sees who is behind the costume and his fears are eased. It is great for kids who are afraid of those scary costumes and might give them confidence that behind all scary stuff there is just a person. This book was very worth it, just like everything else by Mercer Mayer.

Excellent quality book. The length of the pages even have a type of coating along the edge for ease of turning. For the price and quick arrival I'm a happy mom. Great addition to our book shelf.

Critter books are a big hit with my 2 year old daughter. We got this to hopefully lessen the scare of Halloween this year. The book nicely shows say a ghost then you flip the flap out to see which of Critter's friends is the ghost (my daughter was able to put it together after being shown once). A great book for the Critter fan.
