Customer Reviews

I read these books when I was a child. Actually my mom started reading them to my sister and I before we could read. It has been so much fun rereading them as an adult. I now have started reading them to my daughter who is four. She doesn't quite understand it all yet, but enjoys it anyway. I love that it is on my phone (and kindle) because I can have the whole collection and not need shelf space.

When I was about 10 yrs old, I received the first, original box set of books 1-5 in the series and was hooked! (that was about 20 yrs ago :) I was fortunate to have a friend who collected the entire series, so I was able to borrow the new sets from her or from our local library. Now I have a niece who is nearing the age that she would enjoy these mysteries so I wanted to have the entire collection to read together with her and/or let her borrow. I LOVE the fact that the series is now printed in volumes bound in 1 book (5 books in 1) so that it is fewer individual books to keep track of. Also, there is something to be said for the accomplishment of reading a book that is over 300 pgs. when you are so young.

This book had me on my toes! It was so exciting!! I'd definitely recommend it to anyone that I run into!! Man the cliffhangers are killing me right now!! I really can't wait to get my hands on the next book!!!!

great books!

My daughters friend loves this collection. I'm glad I was able to buy her an addition to her set.

I like this book. Thank you.

This collection of "books" in one book was a perfect Christmas gift for our daughter! This is a wonderful series and she loves to read. In fact, after she opened this present she started reading - through the rest of our gift time!! I like this style of book because there are five-in-one. Instead of several little books to keep track of there is one book. I would HIGHLY recommend this author, this series and this style of book. Thank you.

Love the Mandie series. My daughter and I love reading them together. A good wholesome read with glances into how it used to be in the past.
