Running Back To Him (The Northern High Series Book 1)

Synopsis

A few white lies and a couple of pretend kisses never hurt anyone, right? Seventeen-year-old Magnolia Graham just got her heart thrown in a blender. Or at least, that's what it felt like when her star quarterback boyfriend dumped her. And she's been ousted from the uber-exclusive inner circle of popular girls in school. There's only so much drama one ex-geeky, Chewbacca fan-girl can take in one day. She needs to find a way to put out the fires--fast. Everyone knows that the best way to get over a breakup is with a hookup--a fake hookup, that is. Enter Kellen, football wunderkind with lip gloss-melting good looks, and newly single after also being dumped. When Magnolia, asks Kellen to be her fake boyfriend, he's down for the sham. Only one problem--Magnolia's been in love with Kellen all her life--and he's got absolutely no idea. Somewhere between the innocent hand-holding and breath-stealing kisses, lines become blurred and Magnolia realizes the true meaning of the hashtag #ItsComplicated.

Customer Reviews

This story didn't work at all for me for many reasons. The main one? Kellen was a douche. This kind of story usually work mainly because of the chemistry and unresolved tension between the two non-couple people. In this book there was none of that that I could feel. Also, Kellen wasn't sweet, or cute or nice. He was just a really bad friend IMO. None of his reasons for being so was OK, or understandable at all. The most interesting character was Micah...and he wasn't even really part of the story at all. So, no it was not a good read for me.

So good! Definitely a must read! It's also a good book to read for empowering and inspiring! I would recommend this book to my friends.

This was a great read. I liked the plot and the characters. Had it read in a day.

Fun, easy read.

This book is heartwarming, inspiring, and entertaining all in one. Although it is riddled with typos and grammatical errors, when you look past that it's a great read. Once I started reading, I couldn't stop until I was done!

Sweet story about high school drama. I do love that they got their happy ending. I forgot how mean girls were in high school. Lol

Wow. This started out really great. Good inner monologue with a decent back and forth between characters. And then it fell apart. The writing had a lot of grammatical errors, which normally doesn't bother me if storyline holds, but this one fell apart around 40%, so I found it hard not to focus on it. I tried to skip and make it to the end, just to see if there was any redemption in the HEA but I just couldn't. It was all terrible. There was no connection between the two characters. No backbone. A lot of other stories I've read mashed together; the lack of quality construction causing the ship to sink. Thank God it was on my kindle unlimited, or I would have hated myself for spending the 99 cents. Returned it after she was dressed like chewbacca on the football field. Yes. Literally a few pages from the end and I just couldn't do it anymore.

What a great read. Magnolia, Mags as she likes to be called has just been dumped by her boyfriend. That is making her crazy. She never saw it coming and she is feeling broken. That gets

her removed from the most popular list of friends and suddenly her life is meaningless. So she goes back to her old table and she and her old BFF make a plan. They pick Kellen her old childhood friend as the fake boyfriend that will make her look like she is not heartbroken. After all he just got dumped too. The story is fun, yet tender. I loved Mags and I loved Kellen even when he behaved as a jerk. Every fake relationship has its ups and downs, doesn't it? The story was so alive with emotion and how a young girl feels when her heart is in turmoil. I received this book in exchange for my honest review. I really liked this book and highly recommend it. It has the best characters. Quirky and adorable characters.
