Build Your Own Web Site (Quick Expert's Guide)

Synopsis

In this informative and entertaining guide, readers are taught how to build their own Web sites, including how to make them look great and how to master all the lingo. Included are "show-and-tells" about how the Internet works, where Web sites "live," how to write code, how to add text, images, and video, and how to add special features to Web sites such as apps and widgets. This invaluable guide that will have readers building their own Web sites in less than an hour also supports Common Core Standards for technical accounts and text.
