"At thirteen, Jonathan dreams of fighting in the American Revolution. Almost by accident, he is

recruited into a fighting unit and experiences the reality of war, including being taken prisoner and coming to grips with his feelings about shooting to kill." -- "SLJ." "Convincingly portrays Jonathan's passage from naive boy to young man." -- "H."

This is the first book my boy read that has a "sad" ending. That is reality for you! But he really really enjoyed it, and even though it was assigned school work, he read it for fun and was done a week before it was due!

Just started reading this book with my 5th grade class today. They are so excited to be touching brand new books. Each book is crisp and new. So cool!

Great book. Exactly what my grandson needed.

Just as expected. Thank you!

This book jumps right into the fire, literally. All action. The realities and complexities of war are revealed through this tale. War is indeed hell, but not just for "our side". A fast read and an important work.

Appropriate for middle school readers. Good historical value.

When I taught fifth grade this was one of my students' favorite books. It has a marvelous concept (the whole story takes place in 24 hours) and the tension builds to an incredible climax. Avi has won many awards for writing and deservedly so. This book initiates excellent discussions about the incredible conflicting emotions attached to any war. A great model for descriptive writing as well.

Very pleased!
