Customer Reviews

It was 9 pages long. Seriously? I couldn't believe it. And all 9 pages were big type.

Don't waste your time downloading this 5 page "book". I've gotten more thorough info from blog posts. It doesn't even give the names of the places to visit.

No useful information. Must have been written by a third grader. A total waste of time. I'll pass on the rest of the series.

Worthless!

Minimal if any information of value.
