Look Behind You: A Novel (Kendra Michaels)

Synopsis

#1 New York Times bestselling author Iris Johansen and Edgar Award-winning author Roy Johansen are back with *Look Behind You*, a novel featuring Kendra Michaelsâhired gun for both the CIA and FBI. A serial killer is on the loose in San Diego with a most unusual M.O. With each kill, the perpetrator leaves behind mystifying random objects. In this confusing array of unrelated evidence, the one thing that is clear is that the murders all have one characteristic in common: they all require the specific skills of Kendra Michaels, hired gun for both the CIA and FBI. Kendra, who was blind for the first twenty years of her life, gained her sight through a revolutionary surgical procedure and now uses her acute powers of observation to assist in cases all over the United States. FBI investigators soon make a startling discovery: the left-behind objects are actually souvenirs of other unsolved serial murder cases from around the country. And the new crimes feature âholdbackâ characteristics never disclosed to the general publicâ meaning that one single killer was behind the nationâs most notorious serial murder cases and has now come to challenge and taunt Kendra. The investigatorsâa âdream teamâ of profilersâ join Kendra in the pursuit, but as the body count rises and the detectives themselves become the newest targets, Kendra must risk everything to defeat a psychopath whose terrifying plan is years in the makingâ |

Can't go wrong with Iris and Roy Johansen. This story has a good deal of action and our heroin is not a fluff. I was happy with the progression of characters and cannot wait till the next to see what happens.

I've been a fan of Iris Johansen for years and liked everything I've read by her. I've got to say she and her son have hit pay dirt! The Kendra Michaels series has become my absolute favorite and this duo does NOT disappoint!

Another great read from Iris Johnsen and son. I have been reading this authors books for years and she is one of the few that I have read over and over again and this book joins the ranks of complete entertainment.

Iris J cannot write a bad book!!!! I've read her for years and cannot tell you ONE book that has not meet EXCEEDINGLY GREAT results!!!! You can't put down any of her books! I eagerly await the October release

Fast moving, some plot turns, also some predictability. A fun read by the sea or pool and in the summer, that is perfect. Will hold your attention.

I have read every single Iris Johansen book including all written with Roy Johansen. I love them all and this book is just as great as the others! Highly recommend these authors I'm always waiting for the new release!

I liked the characters and the intriguing way the story line was always making you think about who was the actual murderer.

I absolutely loved this book!!! The only way to put it down was when my vision got too blurry to see the words. And what a terrific ending.
