Baltimore With Children

Synopsis

The child whose parent turns to Mike Strzelecki's Baltimore with Children for ideas to fill a few hours or an extended trip will be lucky indeed. Much more than a simple list, and not just the same old thing, this guidebook ferrets out unique destinations in and around the city that will excite children's curiosity and stretch both bodies and minds. From Agritainment to Zoos, the author gives a detailed description of each attraction and activity--including advice about age and skill level, as well as directions, cost, and admission information--with special emphasis on outdoor fun like camping, biking, and hiking. For residents and visitors alike, this is a rich and well-rounded offering of such unexpected delights as a tire park, a store that caters to budding magicians, and a caf   with the [mechanical] alligator lurking in a wishing pond--all field-tested by the author's own daughter and son.

MIKE STRZELECKI is a technical writer, freelance travel writer, and author of the travel guidebook Urban Hikes in and around Baltimore, as well as a dedicated father. He also writes the "Focus on Fathers" column in Baltimore's Child magazine.

We lived between DC and Baltimore for two years. I used this book frequently to find something to do on the weekends with two preschool children.

I am a native Baltimorean, but this book still has a ton of info for me- the hikes are particularly

useful, they are the right distance for kids and tend to be interesting. The nature centers, farms etc are helpful to browse when we are looking for something to do. A few things are a little dated (restaurants) but I would still recommend this book for residents of Baltimore (or anyone in Maryland really) and visitors. I would love to see an updated version, or maybe just a whole book on hiking since that is where this one shines.
