Customer Reviews

LOVE the book !!! Fantastic Pictures !!!and it helps keeps my memories alive from my trip to Bonaventure !!!! :-)

I wish I didn't have to rate with a star at all. The photos are grainy and duplicated not happy with the purchase.

This is a very nice book about the Bonaventure Cemetery in Savannah, Ga. I found it interesting and informative also.

this is one cemetery book that does not frighten or depress the reader; It makes it a beautiful experience thru the excellent photographs and historical information.Recommended!

So much history in Savannah, especially in the cemeteries! Great guide book if you plan to visit or a great souvenir! Photography is stunning!

I love this book. Just the right balance of photos and history. The photos are the best. No regret is getting this book

See my previous review.. I LOVED the book.I just clicked the wrong star indicator. It gets FIVE stars from me. For real!

My wife and I were rained out from touring the cemetery, but we wanted to have an overview of what we missed to plan a possible return visit. Because of the high ratings this book received at the time we were looking for one, we purchased it. I would not do so again, for the following reasons:1) Of the 81 pictures of funerary art, only 28 have any sort of caption. Even among these, some are uninformative and some are grammatically incorrect. For example, under a picture of a stone in the Jewish section of the cemetery with rocks placed on the memorial (think about the end of Schindler's List), the caption reads "Custom showing respect or visited." (The period is for the end of my sentence; it does not appear in the book.)2) Several of the photographs lack an obvious subject. In particular, see those on the bottoms of pages 12, 13, and 37.3) Other photographs are taken from a vantage point that suggests that a better angle existed but was not taken. See in particular the photos of the military symbol markers,.I came away from perusing this book thinking that I probably could have gotten equally attractive photos myself and that I learned very little about any of the art shown.To its credit, if your interest lies in the history of the acquisition of the land for the cemetery, or you are content with fewer than 35 pages with text (out of 60) which exhibit a limited scope of information about either the cemetery itself or those resting there, you may not be disappointed. If you are interested in finding out about even the graves depicted, more often than not you will not.
