Beautiful Broken Rules (Broken Series Book 1)

Synopsis

The most valuable lesson Emerson Moore ever learned was from her parents: Never get too attached to someone else. That's why this hard-partying college student plays by her own code of bedroom conduct, refusing to stay with the same guy for too long. She gets all the pleasure of having a good time without the messiness of a relationship.. So what if frat house hopping has earned her a certain reputation around campus? At least no one gets hurt this way—especially her. When ridiculously gorgeous Jaxon Riley moves in next door, Emerson's not sure how long her vow against emotional intimacy can last. Jaxon's tattoo, muscles, and sexy voice make him tempting, but he also seems to really understand her—until his jealous ex-girlfriend and Emerson's life-changing discovery about her parents get thrown into the mix. After everything she's been through, can Emerson handle a real relationship? Or will breaking her rules just lead to a broken heart?

Revised edition: This edition of Beautiful Broken Rules includes editorial revisions.

Customer Reviews

I love moments in a book that will made the protagonist be slapped in the face! You know that

moment when things will make you realize that you were wrong, and things seems late to be fix. I so love the all the happenings in this book transitioned and so many revelations and yet I'm just halfway reading it. Emmy is a likable person, but sometimes I hate her for being a chicken when it comes to being in a relationship, scared to take a risk and start having her feelings out with Jaxon. I mean the guy is so perfect, he's unbelievable, just taking what Emmy can offer to him. I just get more and more frustrated with Emmy moving forward, but taking two steps backward. It's a story that is Heartfelt, Funny, Impressive, Angsty-but beautiful, Swooning and just plain Amazing! I was really surprised that it's a debut novel!! it's that really good that I feel so emotional every pages. I love every moment of this book not to mention that I love every character from this book. It made me so devastated with the heart wrecking moments of Emmy and Jax that I literally shed a tear between those moments. Ms Lauren did a really good job with this one! I love the transition of events, the strong personalities of every characters, the tension, and the love between Emmy and Jaxon. It was a unique story in it's own way, and I'm so glad I read this!

Chose 5 stars because it was a good with a lot of feeling and a hard books to put down

I could not sit this book down! It was so good! The characters are great and you get to know them so well. I can't wait to read more from this series!

I really enjoyed this story and felt invested in all of the characters. I know an author has a special gift for writing about love and loss and heartbreak when I feel physical pain while reading certain scenes. The painful journey was worth the rewarding HEA! One caveat, I really wish authors would do their research when writing about sports! College football games in every division are almost exclusively held on Saturdays, the regular season ends at the end of November, and championship games for division 2&3 are in December, not February. Of course, the division 1 championship is held in early January, but there us no way that Jaxon played for a division 1 team because the entire sequence of events would be implausible in that case. Luckily, the story and writing are both well executed so even this diehard college football fan could ignore the lack of collegiate football knowledge.

This is another book that won me over quickly once I got my hand on the sample. If ever there was a main character that I immediately felt a kinship with, Emerson is it. She reminds me so much of myself, it was like Kimberly Lauren had been hanging out with me during my twenties and wrote a

book with me as the main character. The one difference between Emerson and myself is that Emerson grew up, let someone in and took chances and it was really nice to see. As much as I loved Emerson, I also loved Jaxon. I enjoyed adding him to my book boyfriend list and I enjoyed watching him break through Emerson's walls. The two of them together whether just studying or doing more was sweet, hot, amazing and I really couldn't get enough. Aside from the two main characters, I loved the supporting cast as well. Jaxon's twin brother Jace (yes there are two of these hot, sweet, awesome men) and Emerson's best friend Cole and her step sister Quinn. I've read rumor that there will be another book with Jace as the main character and I can't wait to revisit this world and these characters. This was such an amazing debut novel and I can't wait to read more by Kimberly Lauren.

I absolutely... LOVED this book. A lot of the college romances can become redundant, especially when you see your 'recommended' list and select one just like the book you just finished reading... However, this was in a category of it's own. I loved the heroine who stated what she thought she was, accepted it, even joked about it. Regardless if that was a coping mechanism or not, she didn't seem surprised when someone called her out of her name, and she didn't whine about it. She accepted it and kept it moving. Jax was just.. yummy. I loved him. For the most part, he was patient, very unjudgmental. He had every right to react how he did (although it didn't need to go on for so long). The supporting characters added a lot to the story. I definitely liked Cole & Jace... A girl should always have a nice strong male friend to stand in her corner. The author wrote this so well, she drew me in to the story to where I felt both Emerson and Jaxon's pain. It reminded me of my own college days (how much I both miss them and despise them). I just... absolutely loved this story and I can't wait to read more by this author. Great, great, fantastic job! And I'm not even finished!!!! lol!

I thought it would be an ok book but loved it more than I thought I would. The books in this series can stand alone or be read as a series. So don't think if you read it your sucked in, although I love me a good series. It's a little role reversal, from most books, and you'll love it. Not sure if I want to read the 2nd book because of the Jaxon, Jace and Aubrey situation. We will see!

It was definitely cheesy, and mainly centered around sex!!!! But I still read it in a day. Which says something about the characters being charming enough for you not to care! It was like a 50 shades of grey with some substance! Not mind blowing or intellectual but a definite fun easy read, that

leaves you feeling.....well let's face it, a little ashamed that you so easily fell into a coma reading about two hotties banging it out for 300 pages!
