The Goddess Sekhmet: Psycho-Spiritual Exercises Of The Fifth Way

Synopsis

Robert Masters presents the wisdom of ancient Egypt through the perspective of contemporary research in psychology and religious studies in his profound study of The Goddess Sekhmet: Psycho-Spiritual Exercises of the Fifth Way. The fifth way refers to the Egyptian theory that humans consist of five bodies: the (most subtle) Spiritual Body (Egyptian: Sahu); and, after that, the increasingly less subtle: Magical Body (Khu); Shadow (Haidit); Double (Ka); and Physical Body (Aufu). Also included are Sekhmet's myth, her hundred Sacred Names, as well as her rites of meditation, prayer and exercises in body movement, awareness, mind expansion, imagination and creativity. This book initiates readers into a direct experience of the lost feminine mysteries.

Good anthropology connected with the study of consciousness.

Unexpected delight! Very helpful to the serious searcher of Truth.

It is a nice book and the exercises are great. I am still not clear about how the exercises relate to Sekhmet.

Robert, I appreciate all the information you have gathered. Wish the information was written in an easier and more palatable verbiage. I'm in a book club and almost every person in the group is having difficulty with the reading.

Yes, what a book. A connection with an ancestor lineage virtually inaccessible without a guide. Here is a trusted authority to guide the journey.
