Woman Most Wild: Three Keys To Liberating The Witch Within

Synopsis

Discover an Ancient Path to Power, Wisdom & Magick What do you think of when you hear the word witch? Through centuries of persecution, our society has been indoctrinated into thinking that witches are evil villains. Author and proud witch Danielle Dulsky debunks this interpretation and reveals the true nature of Witchcraft: an ancient spiritual path that rejects religious dogma in favor of female empowerment and a deep reverence for the Earth. In a collaborative, conversational tone, *Woman Most Wild* reclaims the Earth-centered power of aligning with our wildest, freest selves to create an inclusive world for all. The three keys to liberating your inner witch and owning your power are: *Wild Rhythm*: aligning yourself with the cycles of nature *Wild Ritual*: understanding the importance of ritual and ceremony *Wild Circle*: bonding with like-minded seekers Dulsky's tools for embracing and experiencing the power of these keys, including moon rituals, healing meditations, yoga postures, circle work, and Goddess encounters, will guide you toward joining the cosmic dance befitting the divine, limitless woman you are.

Customer Reviews

"Danielle Dulsky has dared to reclaim [the word witch] in this deeply alchemical and passionate book. Not only does she brave the word, but she also restores the rich, embodied meanings and uses it inspires. Dulsky speaks from deep in her soul to deep in our souls." — Deborah Kampmeier, Full Moon Films, writer and director of *SPLIT* "A whimsical handbook to reclaiming the lost art of feminine magic"

medicine that our world sorely needs. [Sara Avant Stover](#), author of *The Way of the Happy Woman* "In this engaging, bold, and intimate book, Danielle Dulsky provides keys to unlock ancient portals behind which perilous and pivotal treasures await. [Bill Plotkin](#), author of *Soulcraft* "In Dulsky's bright debut, the women's spirituality movement of the early 1990s, as exemplified in books like *Women Who Run with the Wolves* and *Goddesses in Everywoman*, is reoffered with a gentle nod to 2017's conception of gender, while still retaining the aesthetic of an imagined birthright of feminine power from an earlier time. [Publishers Weekly](#) "I love this book and that is a big deal for me to say. . . . I've read countless tomes aimed at teaching witchcraft and it takes a lot to impress me these days. But *Woman Most Wild* by Danielle Dulsky really did. [Lucya Starza](#), *A Bad Witch's Blog*

Danielle Dulsky is an artist, teacher, and writer. A longtime activist for wild woman spirituality and the divine feminine's return, she leads women's circles, Witchcraft workshops, energy healing trainings, and basic and advanced yoga teacher trainings.

This book is so brilliantly written that it will remain next to me for a long time to come. Dulsky seemed to be speaking directly to my soul as she delves into every aspect of our deep rooted feminine power and through ritual, meditation, yoga and so much more brings it all bubbling to the conscious surface. I resonated with something on every page and thought to myself "here is someone who truly gets what it means to be a woman and walk in this world." I was fortunate to receive an advanced copy and so began to read *WOMAN MOST WILD* in January, literally and personally, the darkest time of the year. The book was such a comfort and inspiration and filled with so much witchy magick that it actually pulled me out of the dark places. Every single page was filled with story or lesson or ritual to delve deeply into the divine feminine witchy parts that had long been buried inside. I celebrate myself and my soul because of Dulsky's eloquent writing. She is clearly an old and brilliant soul with so many divine gifts....I feel so filled with gratitude that she shared them and celebrates along with me. Thank you Danielle

If you need an excuse to linger, Danielle Dulsky's new book, *Woman Most Wild*, gives you all of them. This sensual and steamy entrancement draws you ever deeper into the sacred (and sometimes secret) hallows of your authentic self. This is not a passage to take with haste! Stay a while. Drink in this rich concoction of ancestral remembering and fem-fatale awakening, with a pinch

of lusty abandon for delicious measure. Danielle has prepared a soul-stirring potion indeed! She is your sweetest confidant and she is whispering you back to your own wild life one incantation at a time. As soon as you take that first taste, you're off on a free-wheeling romp in the lush forests of your very vitality, but you won't want to rush it.

As I read I realized I already knew in my blood the knowledge that Danielle imparts it, she just gave it words. She writes from the collective feminine soul. This book validates the urge to walk in the wet grass barefoot and to dance under the moon.

I have had the pleasure and challenge of reconnecting with my inner *Wild Woman* through direct teachings from the author's 200 hour and 500 hour yoga teacher trainings. Both were completely and utterly life changing and soul-awakening an understatement of the century because they were centered around her bone-deep belief that women can (and should! For the greater good of all!) reconnect with the power of their divine feminine energy. Reading *Wild Woman Most* feels like Danielle is sitting with me in circle once again, sharing her deep wisdom that has come from her own soul experience, a lifelong love of writing/reading/learning and her personal sadhana that embodies everything contained in this book. The meditations, rituals and other tools offer the ability for the reader to peel off layers of "self" that consciously or subconsciously may be suffocating our wildness or our inner child, our light, our deepest creativity and truths. This book is a simple yet profound guide for any human who wants to get back in touch with their soul by waking back up to the cycles of nature, the power of simple ritual, and the trust in her intuition and wisdom. Whether you are drawn to the word "witch" as a powerful, yet rejected archetype, or you feel squeamish about the term completely this book is still for you. You may not know me, but I promise you this anyway.

This is such an inviting book - throughout the book, Danielle speaks as though she is talking directly to the reader, inviting them to be with her as a witch, a sister, a loved one. It is a book of validation, instruction, and power for the feminine. I have read this slowly as I let the words sink in, and as I admire her writing style. I plan to buy this as a gift for several other women in my tribe. Get it as a gift for yourself!

I really love this book. It's beautifully written and Danielle's words are warm, inclusive, and inviting without being too "syrupy-sweet," if that makes any sense. She does a supremely wonderful job of making the reader feel held and cared for. This is an excellent book for anyone who identifies as female and wants to reclaim their whole self.

Poetic and practical. Something for everyone, not just women.

Absolutely amazing book.
