The last word on fishing the waters in the reputed birthplace of fly-fishing. -- Adirondac magazine

Hudson Valley native Jim Capossela has devoted many years to exploring the streams and lakes in and around the Catskills. He has written ten books on fishing and outdoor recreation, as well as articles for Field and Stream, Sports Afield, and many other magazines. He lives in Croton-on-Hudson, New York.

I am planning a trip to the Catskills this summer (2017) and will have this book with me. I am already

studying it, but realize I will need updated maps when I get there, for access points. The book has wonderful stories and anecdotes to go with the text. A good read even if you never plan to go.

gift for my husband--he loves it!
