The Dominator: A Dark Mafia Romance

Synopsis

A dark mafia romance. Dark themes/elements. Erotic romance. Tia is totally smitten by the guy who flirted with her in the ice cream parlor on her last day there. The gorgeous man in an expensive suit oozed money, power, confidence, sexuality, and she can't stop daydreaming about how he flirted and teased and tied a cherry stem into a knot with his tongue suggestively right in front of her. But Tia has no idea that while she daydreams about the gorgeous guy, a plot is underfoot. He's about to tie her whole life up into knots. As soon as she graduates from school she'll be delivered to him. He owns her. And he has plans. Carnal plans. Her father owes his father a debt and that debt is to be paid with Tia. Tommy Ferrano needs to get married to get handed his birthright, a business with ties to organized crime. He has been in no hurry to get married, so his father decided to get creative. His father chose Tia for very specific reasons. Tia grew up too fast. She lost her Mom due to suicide and has a screw-up for a father. She's excited about moving to the next chapter of life with plans for after school, plans for life on her own after growing up in foster care. She doesn't know, yet, that the changes coming don't remotely resemble what she had in mind. Tommy Ferrano likes to play games, especially mind games. After Tia is delivered to him and told of her fate she quickly finds this out and learns that she has to obey his rules or else. Rule 1: He owns her and wants full control. He wants obedience; he punishes defiance. Rule 2: She needs to keep her mouth shut and reveal nothing to anyone about him. He soon reveals Rule #3 to her, and starts revealing his dark, possessive, and depraved sexual side. Tia has to obey him in order to survive. Will it break her or will submission bring about a different kind of freedom? Ingredients include: profanity, sex, violence, dominating alpha male, blood, pain, love, redemption. Teasers: "Fear flickered in her eyes for a beat but she continued to stare up at me, right into my eyes, trying to be brave. I liked it. I liked it a lot. Yeah, I'm a sick fucker. And the only thing scarier than a sick f*cker is a sick fucker with power. If I was going to have to marry to get all the power I'd damn well get as much pleasure as possible from it. Fear and defiance rolled up in one? She was perfect. Maybe that's why I'd waited so long. This was coming for me. Her." "I know you didn't choose this but I can't give you up. I won't. Don't ever, ever ask me to. After things settle down I'll help you have a life you'll want, but with me, and you have to take all of me. I'll find you answers about your father, I'll give you everything your heart wants, everything except freedom from me. Don't ever ask me for it." "Rough or sweet?" "I said into her ear, wanting, for some inexplicable reason, for her to feel in control right now. I looked into her eyes and tried to show her the tenderness I felt for her.

“Rough,” she answered very softly and it made my heart soar. Her giving me control: wanting rough, when she could keep it sweet, when she could keep control of me was such a gift. She was made for me. I gave her a little smile and she must’ve read my mind because she gulped hard and looked like she might’ve wanted to backpedal. That hesitation, the fear in her eyes, it got me hard. So hard. "This is a 550+ page novel with no cliffhanger. Triggers: Dubious & non-consent. Violence.

Customer Reviews

Tia cannot believe that her deadbeat dad has traded her as a marker for his gambling debt. It's bad enough he left her to live in foster care after her mother committed suicide. Tia has just graduated from high school and is supposed to be beginning a brand new exciting life. Tommy knew the minute he laid eyes on Tia that she was truly his. He knows that his dad is hiding secrets and that there's more to Tia being gifted to him. Tommy intends to find out the truth about the connection between his father and Tia's, plus he intends to make Tia fall for him. The relationship between Tommy and Tia starts out rough. Tommy is possessive and has some serious anger issues. Tia is scared of

Tommy, but she's equally scared of how badly she wants him and how strong her attraction to Tommy is. There's a lot of inner dialogue where some of the same stuff is repeated over and over. I found myself skimming some of those paragraphs more than once. There's also a whole lot of twists towards the end that got a little confusing with so much going on. The Dominator is definitely a darker book and those with triggers should pay attention to the warning. 3.0-3.5 stars

D.D. Prince is a new writer to me but after reading and loving

Detour from this writer, I was really curious about her other books. And her book *The Dominator* was the one that I was most curious about. A dark mafia book, being a fan of mafia books and dark books, this was a combination that I couldn't exist! And again D.D. Prince made me very happy and hungry for more of her books. From the moment Tommy Ferrano sees Athena (Tia) Connor's photo, he's intrigued by her and when his father tells him that this girl could be his wife (if he wants too) he can't think of anything else. He never thought about marriage or having a wife, why would he when he can find women to please him all the time. But since that day he can't think about anyone else except Tia. And after meeting her, he knows that she's the one he wants, in his bed and for his wife. Now, he just has to wait for the right time to make her his! Tia Connor hadn't had a fairytale upbringing but she liked to think that she did alright in the end. She's graduating high school in a few days and then with the help of her foster parents she will live on her own and start college. Her future is looking bright and beautiful. She never thought that a surprise visit from her father would change that brightly future and turn it into a nightmare. Her father told her that he needed her help, that he had some debts with some bad men but later on Tia discovers that it's much more. He lied to her! He never told her that she's sold to the oldest son of a local mafia man and has to marry him. And Tommy Ferraro lied to her as well, by being charming the first time they met and making her dream of the perfect guy when he, in reality, is cruel and cold. Tia doesn't want to give up her dreams so easily so she tries to get away from Tommy but when one of those times she gets in serious trouble it's Tommy who saves her. But the problem is that although Tommy has a sweet side, he also has a really dark side too and that dark side really scares Tia. That dark side doesn't only want to dominant her, that dark side loves to see fear in her eyes. So in the end, the question is, can Tommy really change to her dream man or will Tia has to accept Tommy with his dark and his sweet side because one

thing is for sure, Tommy will never give her up! When you start a mafia book you know that there will be violence and pain. And when you know that it's even a dark mafia story you can only hope that at the end of the story you like the man character or at least understand why the woman will choose him above freedom. I think that the writer D.D. Prince made the right decision by telling us this story from both POVs. I loved the fact that we could read what Tommy was thinking and feeling. Because it's a fact that he was sometimes really hard and even cruel to Tia but just like Tia, we also see the little changes in him and those changes made the difference for her (and for me). This story is built in layers, one layer is about Tia and Tommy and his dark sensual side (and this is also the most emotional layer), then you have the secret past from both fathers and you have the dangerous world where one move can be your last one. Because of these layers the story holds my attention from the beginning until the end. As a reader it's always exciting when you discover a new writer whose books you love and for me D.D. Prince is one of those. The next book in this series is about Tommy's brother Dario and I can't wait to read it.

THIS BOOK! I thought this was a fantastic and thrillingly sexy read. D.D. Prince has an amazing ability to capture you in the emotions of her characters and drag you right down into the twisted place they call life. This is a story about a guy who's been given something he never thought he would want and a girl who learns about needs she never knew she had. If you like a darkly erotic thrilling read with a control hungry, highly possessive alpha male... this is YOUR book!"Women were a means to an end for me. I had a healthy appetite and an active sex life with as much action as I wanted. I didn't do relationships. Didn't want to; didn't need to. I never had the desire to get serious or be monogamous. I knew women liked the way I looked and they liked the money, the power, but I hadn't met anyone I cared enough about to take things to any level other than physical. I hadn't ruled it out. I just hadn't had the urge. I was Thomas Ferrano Jr., a force to be reckoned with in and out of the boardroom, the boxing ring, the bedroom, and more, and I'd been busy my whole life, proving myself, focused on the business."Meet Thomas Ferrano, Jr. aka Tommy.... Born into a powerful mafia family, Tommy is strong, incredibly handsome, loyal, and demands absolute control in all aspects of his life. He has spent the last 29 years of his life living and working to prove to his father that he's committed and loyal to the Ferrano family and is ready to take over the family business. Only one stipulation has to be filled before that can happen. He has to find a wife. The problem is, Tommy

has... special needs. Needs that not many women can fill. A couple months after turning 29 Tommy's father tells him that he has a "gift" for him in the form of a debt that he's collected on. "My son Tommy needs to get married. He hasn't found Miss Perfect yet. Your father owes me a great deal. I've agreed to consider writing off the debt if my son decides you're Miss Perfect. Meet Athena O'Connor aka Tia. Tia has had a challenging childhood and ends up in foster care when she was a young child. Today is graduation day, a day she's been dreaming of and working towards. Ready to start a new chapter in her life, she is prepping for college and has arranged to have her own apartment. Everything seems to be wonderful in the life of Tia until her estranged father comes to her graduation and informs her that she needs to help him settle an old debt. "As of now you are property of the Ferrano family. Life for Tia just got a little bit more challenging and a lot more confusing. "It's unfortunate that your father put you in this situation, I said, "And I have no respect for what he did. But that said, this is the situation. You were given to me as a gift. That makes you mine. This story is told from both Tia and Tommy's POV's, which allows the reader insight to exactly what's going on in each of their heads. I ABSOLUTELY love being able to know what the characters are thinking and feeling. It makes them more relatable, in turn intensifying the enjoyment and excitement of the story! I loved this book because there was so much going on that it kept me on my toes and guessing what would happen next! This book is an emotionally charged story full of twists and turns, adventure, danger, suspense, action, mystery, betrayal, steamy hot sex, and love, all wrapped up in one twistedly messed up bow. One of my favorite quotes: "I'm all about control but baby, I don't just want it. I need it," he said, and then waited, hand looser on my throat. I nodded slightly, not sure how to process how I felt. "I feel out of control right now," he said, studying me. He had pain in his eyes. I swallowed hard and then the silence between us was almost deafening, "Then take it," I finally whispered. Please Note: there are trigger warnings here including abusive behavior, non-con sex, murders, and strong sexual language. You've been warned :)
