Great book

It does its title justice

Great textbook

Excellent condition. Content is a short description covering the important pointers to develop with further readings on international relations in post Cold War era

Just what I needed for class, and its in perfect condition

Amazing. It was clean and was like brand new

Exactly what's shown

Great, another new edition to rip off students who are strong-armed into purchasing this crap. After dropping a mint on the previous edition, I find that they switch editions and now I can't get any money back for the book.
