Book looked great when it arrived. No missing pages or bad damage. Got the job done!

textbook for a course i'm taking - excellent reference for all forms of written communications, plus strategies for media.this is one book i will NOT sell back.highly recommended.

Good book with a lot of good content in it.

Not very informative. Pretty basic overview of concepts with no real detail. For that reason not really helpful as a textbook.

I was required to purchase this textbook for a PR class and it proved to be very helpful. There are clear, relatable examples that have made the learning process easier. It felt more like a reference guide than a textbook.

Book came as described. Thank you.

I needed this text for a PR class I am taking. It has some very relevant examples and it is very clear so reading it is not so bad. I was required to buy it for class - but I have enjoyed learning from it.

Great!! No complaints.
