The pictures are all great so it works well as a miniature poster as well as a calendar. The only thing that bothers me about it is it just has all of the date boxes in 2 columns on the left side so you can't just quickly glance at it to determine what day of the week a date is, but they do include a very small calendar on the corner of the page you can use for that purpose. I gave it 5 stars despite this because I was buying the calendar mostly for the pictures rather than using it as my main calendar any ways.

The pictures were full size, from top to bottom, which is why you buy a calendar like this. (Each month features a different character) Plus a bonus of all the knights in the center. :O) It's a bit pricey but if you're a fan you won't be disappointed (unless you're actually wanting a calendar you can write on)

very colorful and durable and it's an attention grabber. The art and pictures hold there on in its spectacular graphics.

The pictures for each month are large, poster-like photos of each main actor. It fully met my expectations for my daughter who is a fan of the show.

I was disappointed to see that the pages of the calendar were just pictures of the characters, but there were no scenes from the series. I love this series and would have loved to see some of the

memorable scenes or castles.

I chose this rank because everything was perfect. The calendar arrived quickly and was completely intact. I was very satisfied with everything.
