BE AWARE- The Kindle version of this book is limited to 2 devices! This is a ridiculous limitation. I need to study at home, work and school. So, this limitation makes it less than useful. I wish that I had noticed that, before my purchase.

Book is pretty best up.. but gets the job done.

The book itself is great, extremely informative and great for class. The packaging however leaves something to be desired and the spine/front cover of the book was held together with tape. Couldn't ship back though because needed immediately for class. Definitely not as described however.

This book was required in one of my paralegal courses. I did in fact read most of the book. If you're studying law, there's a lot of beneficial informed to learn inside.

yes it worked - you save me alot of money by NOT buying the book.

Book was not as advertised, it was in better condition than advertised. This book arrived before I expected & in much better condition = FANTASTIC.

A good textbook for the subject.

Thank you
