Dragon Ball Super, Vol. 1

Synopsis

Goku's adventure from the best-selling classic manga Dragon Ball continues in this new series written by Akira Toriyama himself! Ever since Goku became Earth's greatest hero and gathered the seven Dragon Balls to defeat the evil Boo, his life on Earth has grown a little dull. But new threats loom overhead, and Goku and his friends will have to defend the planet once again in this continuation of Akira Toriyama's best-selling series, Dragon Ball! Having defeated Boo, Goku is starting to get bored with his life on Earth. His wife, Chi-chi, wants him to get a job, but all he wants to do is train and fight stronger enemies. Elsewhere in the universe, the God of Destruction, Beerus, and his attendant Whis are traveling from planet to planet in search of food and entertainment. After blowing up some hapless victims, Beerus is reminded of a man from his dreams with the moniker "Super Saiyan God," or something like that... The God of Destruction sets his sights on Earth to track down this mysterious man! Maybe this will give Goku something to do? Â

Book Information

Series: Dragon Ball Super (Book 1)

Paperback: 192 pages

Publisher: VIZ Media LLC (May 2, 2017)

Language: English

ISBN-10: 1421592541

Customer Reviews

Renowned worldwide for his playful, innovative storytelling and humorous, distinctive art style, Akira Toriyama burst onto the manga scene in 1980 with the wildly popular Dr. Slump. His hit series Dragon Ball (published in the U.S. as Dragon Ball and Dragon Ball Z) ran from 1984 to 1995 in Shueisha's Weekly Shonen Jump magazine. He is also known for his design work on video games such as Dragon Quest, Chrono Trigger, Tobal No. 1, and most recently, Blue Dragon.

His recent manga works include COWA!, Kajika, Sand Land, Neko Majin, and a children's book, Toccio the Angel. He lives with his family in Japan.

Dragon Ball Super isn't bad. It just isn't on par with Dragon Ball/Dragon Ball Z. It lacks both the adventurous humor of early Dragon Ball and the epic story of the Freeza/Cell arcs in Dragon Ball Z. It is a continuation of the lackluster incongruity of the Boo Saga, with unappealing character designs, over-the-top power creep, endless anticlimactic transformations, and uber-powerful yet unimposing villains. This volume moves very fast, presumably to catch up with the anime it's adapted from. The Resurrection of F story gets a couple panels and a caption.

Fast & perfect

great

Illustration is great, can't wait for the rest to be released !

Great addition to the collection! Can't wait for the rest of the series!

I Can't wait to get deeper into the story and see when Goku learns to use the move Hakai on Zamasu!

Can't wait for the rest of the volumes!!

Toyotaro's art gives you that "blood boiling" feeling of reading the original Dragon Ball manga. I would definitely recommend this version of Super over the anime. Viz's translations are what you'd expect from the original run of Dragon Ball/Z, which aren't always ideal (Hercule, Vegerot), but still good overall. This collected volume includes a few hilarious bonus drawings by Toyotaro, and a really interesting joint interview of Toyotaro and Akira Toriyama. Can't wait for Volume 2, 3, 4...etc.!
