The Lemonade War (The Lemonade War Series Book 1)

"Entertaining... Good reading for young capitalists." —USA Today

Synopsis

For a full hour, he poured lemonade. The world is a thirsty place, he thought as he nearly emptied his fourth pitcher of the day. And I am the Lemonade King. Fourth-grader Evan Treski is people-smart. He's good at talking with people, even grownups. His younger sister, Jessie, on the other hand, is math-smart, but not especially good with people. So when the siblings' lemonade stand war begins, there really is no telling who will win—or even if their fight will ever end. Brimming with savvy marketing tips for making money at any business, definitions of business terms, charts, diagrams, and even math problems, this fresh, funny, emotionally charged novel subtly explores how arguments can escalate beyond anyone's intent. Awards: 2009 Rhode Island Children's Book Award, 2007 New York Public Library 100 Titles for Reading and Sharing, North Carolina Children's Book Award 2011, 2011 Nutmeg Award (Connecticut) Check out www.lemonadewar.com for more information on The Lemonade War Series, including sequels The Lemonade Crime, The Bell Bandit, and The Candy Smash.

Customer Reviews

The book moved quickly and had age appropriate themes and grammar. I read this with my 4th grader for his realistic fiction portion of his class.

... with your brother or sister, you will understand how the lemonade war started. You will probably laugh at the things both Evan and Jessie do to try and win. You will definitely learn a lot about running a successful lemonade stand. And in the end, you may even agree that having a sibling around isn't all bad.

Definitely reading the next one..... I would give it five stars If there was like a big twist or something at the end, but it was cute

This book is sooo interesting. its tension is like real life! you can feel the siblings attitude to each other.P.S this is my mom's account

Not only does this book illustrate basic business principles, it also has useful (and painful) insights into schoolyard politics. Children can be cruel to each other and many of the cruel children grow up to be cruel adults (or perhaps merely inconsiderate, which can be just as toxic if they are people who cannot be avoided). We need to do a better job of teaching the children who aren't popular how to cope with the ones who are popular but cruel. This book goes a long way toward doing that.

item as described. fast shipper

Arrived as described - thank you
