# Immersionplus Spanish: The Final Step To Fluency! (Spanish Edition)

## Synopsis

Each program consists of a variety of entertaining dialogues introduced briefly in English, and then spoken entirely in the target foreign language. The vignette is first heard at a normal conversational rate, then at a slower rate to aid comprehension. The same dialogue is then repeated at the normal conversational rate used by native speakers.

## Book Information

Audio CD

Publisher: Penton Overseas (September 30, 2005)

Language: Spanish

ISBN-10: 159125227X

ISBN-13: 978-1591252276

Product Dimensions: 7.4 x 5.5 x 1.1 inches

Shipping Weight: 8 ounces

Average Customer Review: 3.8 out of 5 stars 24 customer reviews

## Customer Reviews

These audio CDs are good; however I use them to supplement other audio CDs that I have.

I like the concept of this product. You hear the dialogue at full speed then at slow speed and then again at full speed. In that regard, it is quite helpful. The speakers are native speakers which is even better. AND you can't beat the price for 3 cds and a booklet with all the dialogue and a translation. That is amazing. My only drawback is that the readers read the dialogue as though they are somewhat zombified. It sounds at times like an automated robot is correctly pronouncing the words, but without any inflection - somewhat monotone. With that in mind, the dialogues are still interesting and well thought out and the pronunciation is correct, even if the rise and fall of the language is sometimes missing. I also have my doubts that the full speed dialogue is truly full speed. It is fast enough, though, to improve my listening skills, and, once again, for the price, it's a really fantastic product, more so than what I've said above may indicate.

I purchased 3 Advanced Spanish CDs to get ready for a trip to Mexico. This was the cheapest and

most effective of the 3 programs I purchased. I am conversational in Spanish, but not an expert speaker. I need refreshers to help keep my "ear" in sync with native speakers. This course was excellent for that purpose. The course includes a booklet with a full translation of the dialogue on the 3 CDs. The booklet was very helpful. I could read it at home and at my office and see the translation of words that didn't quite make sense. I learned several variations of words I've used in Spanish. I listened to the CDs multiple times and am pleased that it knocked much of the rust off my Spanish listening and speaking skills.

I like it a lot! Because I'm running as I listen, I wish there could be some English translation interjected without having to use the booklet. But, other than that, it's really good.

Will help you become fluent if you already completed advanced Spanish.

This is the easiest way to practice a foreign language in the car and make the most of your commute time. Immersion Plus is a good level for someone who has had a year or two of Spanish.

Fantastic material. Where can I find more materials like this?
