Synopsis

This classic series of duets for like instruments is recognizable to nearly everyone who has ever studied an instrument. The wealth of material supplements musical development and provides a rich experience for growing musicians. Duet playing is often a student's first form of ensemble experience - technique, tone quality, intonation and balance are introduced as students do one of the things they enjoy most - making music with a friend. And duet playing leads easily and naturally to competent performance in larger ensembles. (Vol. 1 - Easy to Medium, Vol. 2 - Medium to Advanced)

"Flutes" are often part of a band, dealing with LOUD instruments (trumpets, trombones, etc.) and sometimes cannot hear themselves think, never mind hear themselves. Playing duets with another flute has been an answer for me, as I work to learn some of the music written for woodwinds together. This book starts with the easy and moves the player along. I can hear myself and how my tone is sounding. They are fun to play and I recommend highly.

Various Duets at levels from fairly easy to intermediate. The parts switch mid-song, so the melody transfers from one flute to the other. My only complaint is that I haven't been able to reference these songs to classical titles so I can listen to them to make sure I'm playing them correctly.

Teacher recommended for our duets. The pieces get more difficult quickly

My daughter had this same book years ago when she played the flute. Now she enjoys it with her daughter playing duets.

Awesome book, I am a beginner and find most of the songs a bit difficult, but it's perfect to practice and work up to being able to play.

Nice collection which advances slowly through the series. Reasonable range and technique requirements as the book progresses.

My daughter uses this book with her teacher, who recommended it. She loves doing duets from here with her and her other friends who play the flute

I have been playing these with my daughter who plays violin. They are easy enough to read straight through for fun, or practice a couple times through and good to go for a church prelude. (I have to explain here no one actually comes to church in time for the prelude which is why my daughter will play with me) She has finished Suzuki level IV. It's easy range for both of us (I usually play the higher part). So if there are two of you who play C treble instruments buy this for some good family fun.
