A great book for students taking PSAT / SAT / ACT / GRE exams! The pictures add a special flavor in comprehending the definition of a word and its retention. Not being an original English medium student myself, I believe it could be a very helpful aid for vernacular medium students!!

This is a great book for high school students to study for SAT words. For parents also, this is a great book to revise your vocabulary. I recommend this book to all high school students.

This is a great idea to help with SAT Vocab memorization. I just took the PSAT and found some of these words familiar, however when I take the SAT next year I know this will definitely be helpful. Great for visual learners and those who enjoy fun word play!

I bought this book for my son. He found it very useful in preparation for the SAT and got a very good score. Looking through the pictures, even my 8 year old daughter got interested in the book and learning a few words everyday. She is finding it easier to remember the complex words by associating them with the pictures. Great work by the author!!! I feel the author has accomplished his goal!!

This is a great book for anyone who wants to learn new words. My daughter who is 9 years learnt many words in few days. Pictures help her to memorize the meanings of the complex words. I hope author will have sequel of this with color edition!

This book truly deserves yo the five stars for its great and fun text with pictures. This books help wed the UK is that a while UK Yukon territory in your mom to get the best out with a while to UK residents in your car for me UK's unique approach that the UK's largest unfortunately it doesn't have been able the best of the use and then you can get the same results in my room for the US government is that it would take a friend and the next to get Justin said it Uzi oily the UK and then you doing now is a good Olympic medal at work and then I don't think so much better now that to get the UK's leading scorer in your own project management and then I can get it to be

I found this book very useful for someone who wants to enhance their own Vocabulary....Pictured words make it very simple to remember plus to understand the meaning. ..Its easier to remember the complex words by reading this book .. am sure lot of efforts and valuable time has been spent behind making this book a success. Good job by the author!! I
