Latest Edition of a good Book

this book covers a fair number of small rivers in new jersey. It has lots of background information on the towns they run through, but it seems to be aimed more at people who are "exploring" the rivewrs by driving near them in a car. If you're really interested in canoeng in New Jersey get Edward Gertler's Garden State Canoeing-it's fantastic and covers details about every conoeable stream in the state. This book (Exploring....) is better for sight seeing.
