Customer Reviews

Yes! is a Japanese media team which is absolutely crazy about Ramen. Since there are no satisfying guide books of Ramen, they decided to make their own website and guide book in 2015 and they have already got more than 300,000 likes on facebook.

Beautiful photography and layout. This book is a food porn guide to the best ramen spots in Japan. Having a description of the ordering system makes it incredibly useful as a functional travel guide as well as awesome coffee table art.
