His Property (Book One)

Synopsis

Whips. Chains. Punishments. These are my world now, ever since gorgeous billionaire Liam Rutherford pushed me into the back of his expensive black SUV, forcing me to live with him at his fancy penthouse apartment in New York City, holding me as collateral for my father's gambling debt. He claims I don't have to do anything I'm not comfortable with. But that's only because he's convinced he'll be able to break me down, to make me beg for his whips and chains, his rules and punishments -- and all the other twisted, filthy things he's into. His chiseled abs, his intoxicating smile, his tongue pushing past my lips, his nails digging into my back -- they're making me lose my mind. I am a slave to his every desire, his every want, his every wicked whisper. The need for him rages inside of me, even as it makes the humiliation scorch my veins from the inside out. He says he's beyond saving. But I'm going to do my damndest to try. Before he breaks me completely. "I need you to know that I'm not going to hurt you." "You already hurt me." I showed him my wrists, where the metal of the handcuffs had dug into my skin. He reached out and ran his fingers gently over the faint red marks. "This is nothing," he murmured. "I haven't even gotten started yet."

Customer Reviews

I bought this book because the author left the first 'version' in a cliffhanger. She also had a link to sign up for her newsletter so the reader could be informed when the next book would be released. SIX MONTHS LATER...I got the newsletter saying the next book was available and I bought it. I shouldn't have been surprised to find out this book is no different than Ford's other books... buy it, read it, find it's another freaking cliffhanger. Dear Hannah Ford: When you can write ONE book that tells a complete story without milking your readers 99 cents here... 2.99 there... (so on), then I'll buy your books again. I've been in the publishing business for many years and you are greedy. Congrats, Ms. Ford, you've earned the Named and SHAMED award in my 10,000 reader book club. Such a shame.

I SWORE I wouldn't read a book that wasn't finished...but I have been waiting for the 3rd book on His Property for 6 months and here we go again. This put me off from many authors who write this kind of book...it's not a book but a chapter. This is one I will never find out the end because I refuse to keep paying for a book that doesn't end. Not doing it any more!!!! I don't care how much I might have enjoyed it. 3 Books I can deal with that 8 books 20 books no thanks. I'll keep my money in my pocket!

Wow just started writing a review, not really flattering and imagine my surprise when the box I was writing in became empty. Hmmm don't like buying a Book which is only a few chapters with a serious cliffhanger and the next book comes out several months later. Some books say a 3 book series, but have no ending and nothing about the next "book. I am an avid reader and most of my entertainment \$\$\$ go for books. I have almost 3000 books I've purchased in the last 3 YRS. Yep, I read a lot.

I haven't read any of Hannah Ford books till now and so far I like what I have read this series is great the only problem is each book are short reads but it was still great. Have fun reading

First of it gets a one because I was loving the storyline BUT it's only 340 pages due to a 1-5 book of another series which I started to love but looks like a major rip off, short glimpses, cliffhangers and

EXTREMELY overpriced - frankly could've been awesome so very disappointing

I loved reading this book. The story was interesting and the characters are well matched. I am going to read the next book to see what happens. I recommend a good read.

very angry. promised a series of 2 books and 1/2 way through book two, cliff hanger. I don't think so. each book one and 2 only has 1/2 book, aka 43 percent.

Great read if you want sexy dominate guy. Give it a try and you won't be disappointed with this story.
