Moon Handbooks San Juan Islands: Including Victoria And The Southern Gulf Islands

Synopsis

From finding the perfect beach on Lopez Island and taking a whale-watching retreat, to exploring historical sites from the "Pig War," Moon Handbooks San Juan Islands is the guide to the best the region has to offer, both on and off the beaten path. Practical information includes suggested travel strategies and lists of must-see sights, plus essentials on dining, transportation, and accommodations for a range of budgets. Complete with color photos, illustrations, maps, and details for hiking, sea kayaking, fishing, and getting aboard boat cruises, Moon Handbooks San Juan Islands gives travelers the tools they need to create a more personal and memorable experience.

Customer Reviews

This is an excellent book for anyone interested in traveling to the San Juan Islands. It gives helpful advice on everything from hotels to restaurants to activities. It has more indepth information than most other travel books. I found their recommendations on ferry travel very useful. Highly recommend.

Book is packed with useful information for traveling in the San Juan Islands. Includes a number of islands and how to get there. Topics cover a variety of topics for people who have different interests: camping, bed and breakfasts, bicycling, restaurants, beaches, museums, resorts. Makes it easier to plan a vacation. Highly recommended.

I recently got this book from the library and took it with me for my week stay in the San Juans. I mainly used it to see what sights there were to see on each island, the "do not miss" lists, and to learn about the islands in general (lodging and food were taken care of prior). We also used on of the bike rental companies mentioned in the book. The folks that I went with had been vacationing up here for years learned new places because of the book. My edition was from 2005 so somethings were outdated: the prices of the ferries for one, and I did notice the Olga Store photo had Olga Cafe in the caption it which is in a different building I believe. Maybe it was the cafe back then, but it's now north a few blocks in the old strawberry plant. I did not rent any other SJI guide books so I cannot compare it with the others out there.
