## **Customer Reviews**

I do bible study with my kids each day and i have a teen so i figured it was time to move on up to teen subjects which include more reading and its great, my daughter loves it and we look forward to starting our day with devotions.

I looked and read the devotionals in this book. I truly enjoyed what it says and how is said it to our teens nowadays. He likes it, today, he told me, thanks Mom for getting me the devotional. It was a birthday gift and I was glad he got something to read that he can be drawn to every morning before

school.

I teach Primary student in Sunday, but we have a few older boys that have given their lives to Christ and I was just too happy to see the wonderful selection of devotional books available. I'm sure I will be buying more!!!

This is a great book for teens to read. I got this for my younger brother which is perfect for his age. However, my only reason for giving this book 4 stars instead of 5 is that it was missing a page. I bought this book used but the condition stated was good. Nowhere did it say that there was a complete page missing. Next time I'll buy it new.

I can repeat the same things for all of the devotions that I have purchased. These are for young men that help with a farm program at our church..I want to encourage them also to read their Bibles daily.

so, I make my son read this before he can eat breakfast. He seems to understand it because the book uses simple words. Thanks for the speedy delivery.

It was for my granddaughter. I read one day and had to continue reading as it was interesting.

My son uses this devotional every morning and they love it. It is very simple to comprehend.
