I used this for a report on Guatemala for school. I checked it out of a local library. I think its was very

useful, but it could have been more understandable for us kids (I had to have my Mom explain a lot of things; and I'm 12). But, all in all, this was pretty useful to me. And PS, I don't know if the older statement before mine is true, I did them and found them quite interesting, really.

The Internet sites listed in the back of the book link to subject matter which is inappropriate for the intended juvenile audience.
