Customer Reviews

Not a whole lot to say about this book that you couldn't figure out on your own. My son is a massive wrestling fan, and John Cena's his second or third favorite wrestler (I can't keep up, he may be tenth by now). However, they don't write a lot of books about Roman Reigns, so this one seemed to work. I gave it to him when the tooth fairy forgot to come for two days (how rude!); and it seemed like a buck just wouldn't cut it or be apology enough for accidentally sleeping through waking up in the middle of the night to put money under his pillow, twice. He loved it! He's a reluctant reader, so to find something that he's really interested in and wants to read over and over again is a definite plus. If you have a young beginning reader, this book is perfect. Well, if that young reader happens to like John Cena. If not, this is probably not the best book.

After I read John Cena's advice " never give up, work out & get a good education." I decided my

grandson had chosen an excellent role model, so I purchased this book for him. Now if there's a homework discussion I can ask with authority, "what would John Cena do?" I read the book too! It's excellent!!

Bought this as a gift for a friend's son. He is 8 and really loved it. He's into wrestling, so I thought it would be a good choice. He immediately started reading it and loves it.

My son liked this book & easy to read

Triple A all the way.

Perfect

My nephew is 7 years old and loves John Cena. He flipped out with excitement when he seen that I got him this book. My sister was happy too because he will be able to practice reading. It's not too long and has a ton of pictures for the reader to look at.

My nephew loved them... I great way to get reluctant readers who are WWE fans excited about reading. It's probably about an end of 2nd to beginning of 3rd grade level book.
