Customer Reviews

Good book on the subject of the chakras, the content is complete with respect to the chakras, your content, where originate and each of the chakras, balancing our chakras, as knowing if they are unbalanced, heal our chakras and also other fun techniques to balance these chakras. Compared with other similar products, it fulfilled my expectations. I bought this product in a promotion.

I love this subject! I'm a practicing Pagan so learning about chakras and how to align them is so interesting to me. The author really knew what she was talking about and I learned a lot about what exactly chakras do for our bodies and how to maximize their usefulness. A great read.
